Dear Dr Pagliaro,

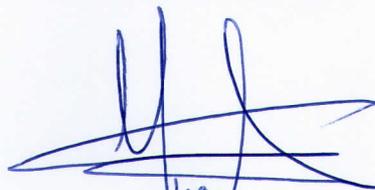

I am delighted to learn that you accepted to write a report about the scientific quality of the thesis entitled "***Design of acid heterogeneous catalysts for the production of second generation biodiesel***" which will be defended on April 26th 2013 at Rey Juan Carlos University in Madrid.

Report for a non Spanish European doctor is compulsory to apply for the European Doctorate Award and you have been proposed due to your outstanding experience in the field of biomass conversion.

This thesis has been supervised by myself and is included in an overall project dealing with the biofuels production.

Let me take the opportunity to thank you again for your acceptance.

With kind regards,
